

Trips for Middle/High School

(Updated 7/2021)

Middle School and High School

It is the desire of Genesee Christian School to provide all students with several significant field trips during their Middle and High School years. The purposes of these trips are: spiritual, educational, social and recreational. The trips are planned and chaperoned by members of the school faculty, staff and occasionally parent volunteers. All students are encouraged to participate and to make the most of these unique and perhaps once-in-a-lifetime experiences. In an effort to keep parent/student expenditures to a minimum, a variety of fundraising projects are available to offset the cost involved. Trips that occur during official school days will be considered days absent from school if a student does not attend (except D.C. & Senior Trip.)
