

Family Service Program: Revised 6/15/26

We highly value the support and involvement of Genee Christian School parents. There are many meaningful ways for families to get involved and make a difference at GCS. Parent involvement provides an opportunity to use the gifts God has given you to support your child's teachers, allowing them to remain focused on delivering a high-quality educational program. Volunteering also helps your family become more deeply connected to the GCS community.

We encourage you to explore the many opportunities available and welcome any new ideas for how you can serve at GCS.

Program Mission:

The Family Service Program is designed to bring school families together to enhance and support our students' education. Through the efforts of our families, we are able to strengthen our school community, provide valuable services, and help offset tuition costs.

Program Details:

Each family with students in 1st through 12th grade has the opportunity to earn a tuition discount by participating in qualifying volunteer activities.
